PARADIGM—BACK SUMMARY

In October of 2008, the Authorization Lead ordered an investigation to be launched to streamline internal operations and time management of the house and its members due to extreme amounts of waste being incurred as a result of large quantities of fraudulent “assets” being presented from the banking, trade, and finance industries. The original goals of the investigation were solely internal, and they were to:

- I. Identify and assess the entry points of the fraud and reverse engineer to the origin source;
- II. Assess and present options for an internal database that could be readily and easily updated from external sources to record and track perpetrators, vehicles used, and the instruments of fraud;
- III. Identify and assess creative options and sources to supplement house intel;
- IV. Review and strengthen house security protocols; Identify the possible global cause and effect that proposed internal solutions may have

Primary Investigations (Annex 1): concluded approx. January of 2010.

Follow-Up Investigations: concluded approx. July of 2010.

Summary of Findings: The general entry points of fraudulent “assets” originally identified as the brokers and the reverse engineering led to the origin source consisting of the highest levels of banking. Follow-up intel and tracking revealed that highest levels of banking actually general entry point and creator of fraudulent “assets”. “Assets” then generally given to brokers, directly or indirectly, and then taken back up through the system. This finding was supplemented and further supported with data obtained that banking officers were covertly sifting sensitive client information to selective external person(s), “groups”, in finance industry for banker's personal enrichment. The cloaked external investment opportunity usually starts in generally one of three ways: 1.) bank officer purporting to have “vetted” numerous potential investment opportunities, presenting their group, the “one” group that “vetted” above all others to client; 2.) leaking clients sensitive information so banker's partner “group” could approach client externally, knowing and maneuvering client to ultimately come to the banker for advise on an “investment” opportunity that client had no idea was pre-arranged; or, 3.) the banker trespasses on and utilizes client account/assets, without disclosure and without client's consent for such actions, in such a manner that it is virtually untraceable. The last option generally requires highest positions, in internal financial institutions to manage the lower employees, but also with external institutions, privately held central banks, and .government. Perpetrators use unsuspecting persons to implement compartmentalized parts of plan. Security Protocols were internally adjusted. Intel sources were consolidated. Intel operations were compartmentalized for security Global cause and effect of internal solutions significant as to house reputation in banking, trade, and finance industries and global government. Industry consensus = morality is not as profitable.

CONCLUSION: THE FRAUD AND CORRUPTION ARE TOO DEEP; THE EFFECTS GLOBAL; THE PERPETRATORS OF THE PRIVATELY HELD BANKING SYSTEM AS WE HAVE KNOWN IT FOR NEARLY THE LAST 100 YEARS, THE PRIVATE-MONEY-FOR PUBLIC-USE SYSTEM, HAVE ERODED THEIR OWN CREATION, FUELED BY THEIR OWN GREED, TO THE POINT THE SYSTEM IS IMPLODING ON ITS-SELF; BANKING TOUCHES EVERY INDUSTRY, EVERY PERSON, EVERY ACTION ON THE PLANET AND THE EFFECTS ARE GLOBAL AND SYSTEMIC; THE BANKING SYSTEM IN ITS CURRENT FORM CANNOT SURVIVE THE EXPONENTIAL AND PERPETUAL AWAKENING OF THE COLLECTIVE CONSCIOUS AS THE INHERENT POWER BALANCES THE INJUSTICE; THE PERPETRATORS' CONVERSION(S) OF THEIR PERSONAL ASSETS TO SUBSTANCE TO AVOID THE FINAL EQUITY CALL IS USELESS, AS SAID CONVERSION(S) ARE ALREADY DULY RECOGNIZED TO BE PURCHASED BY UNCLEAN FUNDS, FUNDS PRODUCED BY SLAVERY, TRACKED EVERY STEP OF THE WAY.

In March of 2009, the Authorization Lead ordered the investigation's parameters to be expanded in correlation to the data gathered and obtained by the Investigation Lead. As the data base and comprehension expanded exponentially regarding the various systems and the extremely sensitive and restricted data, the Authorization Lead ordered the Investigation Lead to alter the goals to external, and they were to:

- I. Present possible alternative solutions and strategies of implementation to maintain private banking system;
- II. Identify the key vehicle the public could identify with to use as the forum to replace the dying private banking system that is private-money-for-public-use with the original public-money-for-private-use system;
- III. Identify, assess, and test the weaknesses of key industries vital to the implementation of dying private banking system;

Preliminary Investigations*: concluded approx. February 2009.

Investigations Plan for Follow-Up*:** concluded approx. March of 2009; testing forthwith implemented.

Summary of Findings: **An old paradigm is at the end of its operation and existence. Its current central method of implementation has been the private-money-for-public-use system and the "for-profit corporation" system. The original government in America was ingeniously converted and grudgingly accepted by other world Principals through threat, coercion, and force; Unknowingly accepted by the people of America and other world peoples, resulting in involuntary servitude; implemented and enforced by and through illegal and unconscionable, deceptive, non-transparent means and methods, void of any accountability.** Casualties are in the billions. Many possible alternative solutions for operating in the current private banking system were explored and policies and protocols were created, adjusted; of all tested-all failed. The Principal of the private banking system in America, most notably headed by the conservator, House of Rothschild, is finding that their own hidden intent, agendas, presumptions and arrogance, are being overshadowed by those of their Agents, resulting in the self-destruction of the private banking system and global stability. This would not be of concern to the head of the Principal nor the other world Principals, except that the public collective conscious has grown at rates unexpected and unpredicted to the point that their expected replacement system cannot be implemented without full out breach of peace and annihilation of the public by the Principals and their Agents. The agents have been permitted to some degree to practice breach of peace and annihilation when it served the purpose and intent of Principals, however, the Principals are now subject to victim of the breach of peace and annihilation. Dis-accord and greed within a Principal has always been a reality, but now the head of the Principal has the opportunity to see the level of power of political and financial influence of their Agents, often fueled by the junior membership or other world Principals. Regardless, ALL PRINCIPLES will find that the Agents, and junior membership, being at first necessary, then tolerable, are now unacceptable. The most notable of the rogue Agents warned as the Texas Camp. All attempts to contain the Agents and their established networks have been time and resource intensive and an inconvenience to the head Principal and the other world Principals. ALL PRINCIPALS are going to realize that the Agents now pose a detriment and threat to the head of the Principal, and the other world Principals, and not just the pre-selection of humanity. The fraud cannot be controlled or eliminated in the private banking system because it is inherent in its existence. The head of the Principal and other world Principals have lost control over its Agents due to the Agents' addiction to self-interest, profit and arrogance. Inaction by ALL THE PRINCIPALS is their estoppel and destroys their ability for self-correction, threatening their viability and survivability.

As was discovered and proven repeatedly in American history prior to 1930's, a public-money-for-private-use banking system, implemented and enforced by the knowledgeable public and their government, and recognized and relied upon by the entire world, is the only solution to prevent the threat and abuse inherently existing in a private banking system. The prior two tests of the private banking system concluded in a shorter life-span, due to swift public reaction by a knowledgeable and watchful public with enforcement of penalties against the agents of the Principal. Infiltration and manipulation of key industries were critical to the preservation of the final and current private banking system: Education and Judicial. At the time of the second test, the public and the judicial were cohesively one and the same. The judicial worked with an official hat, but they recognized under the hat they were one of the public. An educated public and a judicial that did not differentiate itself from the public was detrimental and key to the final destruction of the first two tested private bank systems. It was necessary to deconstruct a knowledgeable public and disassociate the judicial from their own public. Media and Education Systems were key industries targeted to create an uneducated public. Slowly and methodically the industries were infiltrated and manipulated with adjustments made over a period of decades to address those who were familiar with the public interests and paradigms in order to reach the level of valueless and selective education and media we have now. Media holdings were consolidated to certain Agents to maintain and manipulate. With technological advancements, telecommunications was included as a key Industry to address. The creation of the Internet was the most life changing and is still a key threat to the private banking system. The internet is the sole problem they have yet to contain. It is humorous that ALL PRINCIPLES acquire the talents of those to contain the internet and yet ALL PRINCIPALS are blinded by the arrogance of their own presumptions and have failed to recognize that the true masters of the technology, young to old, are inherently aware that the old paradigm has no purpose and are assisting aggressively, yet ever so covertly, in the shift to the new collective conscious paradigm.

The Judicial has been much more interesting to the Investigation Lead due to her background. The Judicial had to be made a partner as an uneducated Judicial was not a realistic or effective option. However, the Judicial was not as easy to infiltrate initially. Once "communism" quieted on American soil and the education and media industries were pretty much under control, real legal education, constitutional based, was covertly modified to the current system with the BAR's infiltration at the highest levels of Judicial appointment and is secured by the occupation of the highest positions of local, state, and national authority agencies and corporations in America. This was not possible however, while the BAR was on the communist list. Investigations have been conducted in the past on the BAR and political and financial influence were used to quiet them; as is true with those who investigated the American bankruptcy, the Federal Reserve, etc, anyone who rejected or refused the political and financial influence were imprisoned, disappeared, terminated or discredited to the point of public annihilation.

Much intel has come from the head of the Principal's own house, the houses of other world Principals and usual intel sources of our house. The past level of commitment of the private banking system and its Principal is undeniable. The past prowess of negotiating and implementing the world acceptance of the private banking system has been genius and ruthless. The intent and actions required to implement and maintain it are abhorrent and have traditionally never been accepted by the public, when known by the public. Evidence of the premeditation, calculation, planning, and constant reassessment and adjustment used to preserve this last and current private banking system, and its Principal, are in the public forum. Selective agents of the public and watchers have tracked, monitored and vaulted the evidence until infrastructure and trustees came forward. Global intel also maintains records, waiting for the order. The beginnings of ALL PRINCIPALS, agencies, offices, and the general body of the original American government were not corrupt. The Principals, the agencies, offices, and the general body of the current American government, if corrupt, are only so through the self-interest, profit and arrogance of the heirs, agents and assigns of the origin source of their existence.

The Authorization and Investigation Leads jointly identified the American mortgage issue* (see Annex 1) as the key vehicle the public could identify with to use as the forum to unite the people of the United States of America, and the people of the world, to replace the dying private banking system that is private-money-for-public-use with the public-money-for-private-use system. The Investigation and Authorization Lead discussed with members of the global team and agreed that the Investigation Lead was to remain in the states and use her own home as the test case; that the Investigation Lead was in a unique position to test and flush out the remaining

points for discovery of eventual implementation of the public-money-for-private-use system and the reinstatement of true justice.

The public trustees initiated contact with the Investigation Lead on December 10, 2010, and gave details that they could possibly not have known about the Authorization Lead, the Investigation Lead, the Swiss custodians of the public wealth, and details related to prior investigations and current issues plaguing the highest levels of trade, bank and finance. By "social standards" review, they are the least likely to be in possession of this information. An extensive check with the Authorization Lead and intel sources proved the opposite. Per Authorization Lead's order, the trustees were invited to watch and assist at the tail end of the investigation in order for the Investigation Lead to establish an assessment of the trustees' competency, intent, and position. It was a mutual assessment that took place. Their intent was the same as the leads, if not more comprehensive as they included that the new banking system could only work and survive if the Judicial house in America operated on full transparency secured by the full personal liability of each Judicial officer, agent, and assign. Investigation Lead spent two months testing the Judicial House and investigating the current system of liability of its officers, agents and assigns. While generally the agents work under full personal liability and the judicial is required to be bonded, *in practice*, accountability and liability does not exist, ie. Codes and statutes require a bond to be posted before taking judicial or public office, however, private contracts, employment or other, contain "hold harmless clauses" or a similar immunity not disclosed to the public, and the lower levels are protected to a limited degree by restricting access and process of claims, which are self-administered by the counties where the judicial house resides and in conjunction with the Insurance Industry.

Investigation Lead reported findings and conclusions (identified herein) to Authorization Lead = resounding "Green Light" to prepare the forums for implementation of the public-money-for-private-use system, state and national levels. Individual report can be issued on foreclosure and judicial issues with greater detail.

CONCLUSION: (GLOBAL). THE PRIVATE BANKING SYSTEM IN AMERICA IS A THREAT TO STATE, NATIONAL AND INTERNATIONAL SECURITY. IT IS A THREAT TO HUMANITY WHO HAS BEEN ENSLAVED AND UNJUSTLY CONTRIBUTED TO THE SELECTIVE WEALTH OF THE PRINCIPALS. MORE INTERESTING, THE PRIVATE BANKING SYSTEM HAS BECOME A THREAT TO THE SECURITY OF ALL PRINCIPALS (HEAD OF THE PRINCIPAL OF THE AMERICAN PRIVATE BANKING SYSTEM AND OTHER WORLD PRINCIPALS) THE THREAT CREATED BY THE UNCONTROLLABLE AGENTS CAN BE MITIGATED CONSIDERABLY BY AGREEMENT BETWEEN ALL PRINCIPALS AND THE public trustees. AS THIS PROCESS OF AGREEMENT FOR FINAL SETTLEMENT OF INVOLUNTARY SERVITUDE AND UNJUST ENRICHMENT BEGINS, INDIVIDUALS, ESPECIALLY THE UNCONTROLLABLE AGENTS, COVERTLY AND BLATENTLY SERVING SELF-INTEREST, SELF-PROFIT, AND SELF-PRESERVATION SHALL REVEAL THEMSELVES TO BE MADE EXAMPLES OF BY THEIR OWN CHOICE.

BANKS : HSBC (LONDON, BEIJING), UBS (SWITZERLAND)
ORIGIN PERSON : PATRICK WANG SHUI CHUNG (HSBC Director); others withheld for cause
ORIGIN TIME : cir. Summer 1998 (USA De-reg period of Glass-Stealy Act)
INTEL CONTACT : WONG SHUI LUNG (GEN. WONG)--CHINA
MAIN OBJECTIVE : (SCOPE LIMITED TO BANKER CORRUPTION) Microscopic Investigation for assessment of (amended to include solution to release) High Net-Worth (\$500M USD equiv. and greater) clients in bank initiated and maintained contracts that created an unregulated and untrained industry of leased Proof of Funds, Capital Accounts, and other contractual structures to enhance financial positions of persons of the general global public; brokers industry.

REPORT : At least one or more Origin Person(s) created, implemented and maintained an internal bank infrastructure of core persons that could be used complimentary or quid pro quo externally amongst financial institutions. The infrastructure was discovered to be highly complex, running the divisions with plants, bought or coerced, from the wire room to the board room. Complexity of design was prima facia of pre-meditation, willful intent, and long-term commitment, strategies and implementation at the highest levels. De-regulation permitted bank contracts to be implemented; subsequent laws rendered bank contracts illegal. Bank contracts were purposefully kept in-house with no copies permitted to leave, thus clients funds were essentially rendered irretrievable, hence this investigation in 2008. Microscopic case revealed bank contract induced by long-time relationship and trust built with Origin Person. Investigation ceased prior to determining whether Sir Peter Davis was complicit or had knowingly benefited from Origin Person; deemed not-relevant as deceased. It was determined that although Sir John Bond was removed as HSBC Chairman for his previous tapping of client gold reserves and moved to the private banking arm, his infrastructure inside HSBC London main was not extinguished. Patrick Wang Shui Chung had access and opportunity for implementation and his operation ran internationally with damages to the public globally and intel reported terrorist ties and possible activity.

ACTIONS : Recommended=Meeting with General Wong; Held; Hand-off to BIG 3 & withdrawal
EX REPORTS-RAMS: Microscopic client's funds discovered buried in Switzerland by Origin Person and his agents. Three (3) or more high level executives (HSBC-London) reported dead; mid to low management/employees; quiet international "investigation" by various global alphabets / political pressures from China, USA, & Canada; CHINA received special tax treatment of investment in the US. PUBLIC—US demand for Swiss disclosure of American clients for "tax evasion" and other various allegations. Tabled.

INTEL CONTACT : Authorization Lead; WONG SHUI LUNG (GEN. WONG).
MAIN OBJECTIVE : (SCOPE LIMITED TO BANKER CORRUPTION) Microscopic Investigation for assessment (amended to include solution to case account with request for official assistance from China; branched into informal semi-global negotiations regarding master accounts and AU) of one or more case accounts with signatory Poon Kong. Allegations involved high level bankers who performed tasks, in the normal course of banking, pursuant to client orders up to last required step and certain bankers demanded "personal payments" prior to making normal banking external confirmations to third parties/institutions.
REPORT : Parties and Factors initially deemed sensitive and amended to critically sensitive due to international master accounts and historical parties, treaties and agreements. Complexity involved in microscopic case was minimal, more a matter of "unauthorized and illegal institutional practices by world-wide bankers"; POON/LISHA due to their failure/inability to follow pre-set and party-mandated secret protocols of enactment and engagement, the final report recommended termination.

CATALYST 3 : 2008-2009 PANAMA-COOSEMUPAR INVESTIGATION

INTEL CONTACT : Authorization Lead; WONG SHUI LUNG (GEN. WONG); meeting in Hong Kong '08
MAIN OBJECTIVE : (SCOPE LIMITED TO BANKER CORRUPTION) Microscopic Investigation for assessment (amended to include solution to case account with request for official assistance from China). Follow-up investigation by global team discovered more complex "land grab" and money laundering by "mirror" World Bank loan as used by Saddam's food for oil program. Involved parties included but were not limited to senior officials of Torrijos Administration, major Panamanian law firms, and bank officials. Subsequent data was collected on possible involvement of senior American officials with direct or indirect interests in agriculture and food industries, exerting financial and/or political influence in Panama; other Latin American similar influence;
REPORT : Parties and Factors initially deemed semi-sensitive and amended to critically sensitive on Authorization Lead's order based on notice given by internationals of their intent to intervene, directly or indirectly. First deliver of Report to Mr. Torrijos, ineffective as it

Second delivery to Mr. Martinelli, used but data collected at the tail-end of investigations uncovered the beginning of undisclosed/disclosed relations and partnerships resulting in prima facie knowing and willing complicity on his part.

CATALYST 4 : 2008-2009 FANNIE/FREDDIE INVESTIGATION
BANKS : VARIOUS, PRIMARY- JP MORGAN
PURPOSE : To investigate and assess difficulties with securities: Freddie/Fannie securities, CMO, and other MBS

MAIN OBJECTIVE : BEG wanted assistance with monetizing a purported Letter of Credit issued by the state central bank/government. Preliminary assessment revealed that Letter of Credit had not been issued, contract had not been officially awarded; main objective changed by client to securing contract.
REPORT : Parties and Factors initially deemed sensitive and amended to critically sensitive due to international political and financial influence. Investigation discovered corruption of government officials, suspected from data gathered to be organized and covertly controlled by cousin of President. A funding solution was presented that did not demand or require state concessions detrimental to the state and its people; no potential bidders/parties could compete with offer; China left table only to come back later indirectly through Venezuela; Caterpillar implemented deceptive practices and undue political and possibly financial influence over the situation; All was predicted

and the funding solution presented was purposefully designed by terms and conditions to ferret out government and third party corruption, and political/financial influence; China came back through Venezuela. International media reported that China had agreed to a 50 Billion arrangement with Venezuela's Chief for oil. First report recommendation was to terminate involvement with Ecuador due to time intensity required to resolve. Investigative Intel reports were that it was actually to be a sale of the frozen Venezuela USA accounts to China disguised by the oil arrangement and Venezuela's influence on Ecuador to indirectly re-enter table of energy project. Ecuador President was called to Venezuela and preliminary deal cut for a "loan". Subsequently, Ecuador returned to request funding solution reporting that all agreements with Venezuela failed, due to failure of China-Venezuela agreement. Follow-up Investigative Intel revealed that USA intervention on frozen accounts with China was the cause. Report recommended termination of interaction with Ecuador due to other obligations already engaged.

Due to the Judicial's mutual and incestuous relationship with the banks and the insurance companies, the only time the court will find in favor of the homeowner is generally when one of two things happen, no matter what the specific fact pattern is:

1. the homeowner actually gets an honest judge with the backbone for justice (a needle in a haystack); or
2. the evidence is so overwhelming in establishing fraud or other criminal acts by the bank/lender, that if the judge found in favor of the bank it would result in public outrage, hence, breach of the peace.

PRELIMINARY CONCLUSION OF INVESTIGATION, TESTING AND FINDINGS:

1. **THE JUDICIAL HOUSE (SYSTEM) IS CORRUPT THROUGH ITS ELITE AND PRIVILEGED MENTALITY AND PROFIT MAKING, ORDERED, FOSTERED AND ENCOURAGED BY THE PRIVATE BANKING SYSTEM, FILTERED AND MAINTAINED BY THE BAR**
2. **LAW ENFORCEMENT IS AN ORDER TAKER, AND GENERALLY SPEAKING, THEY TURN A BLIND EYE TO THE CRIMES THEIR "SUPERIORS" ARE COMMITTING. LAW ENFORCEMENT IS NOT CORRUPT IN GENERAL TERMS, AND THEY SEE WHAT IS HAPPENING, THEY JUST NEED SUPPORT, AND ORDERS, TO RE-IGNITE THEIR STAMINA AND COURAGE TO ENFORCE TRUE JUSTICE.**
3. **ALL MORTGAGES ARE FRAUD—THE EVIDENCE OF THE FRAUD ARE IN THE BOOKKEEPING AND TAX REPORTING; FURTHER SUPPORTING EVIDENCE IS IN THE HISTORICAL AND PROCEDURAL HISTORY OF FREDDIE/FANNIE, SPECIFICALLY WITH REGARDS TO THE "UNIFORM INSTRUMENT" DEED OF TRUST, AND CHANGES IN THE LAWS, JUDICIAL AND EDUCATION SYSTEMS OVER THE DECADES**
4. **THE INSTRUMENTS OF THE FRAUD ARE THE DEED OF TRUST AND PROMISSORY NOTES, WHICH ARE ILLEGAL SECURITIES, COMMERCIAL LIENS, AND LANDLORD-TENANT LEASES**
5. **THE ONLY CORRECT RESPONSE TO A MORTGAGE IS CANCELLATION AND CORRESPONDING TAX REPORTING (1099A, 1099C, 1099OID, 1096) AND RUNNING EVERYTHING UCC**
6. **JUDICIAL CLERKS TRESPASSED ON THE CASE (FAILING TO SCAN DOCUMENTS FILED, REMOVING SCANS FROM RECORD, ETC.)=SOLUTION: RUN CASE THROUGH UCC**
7. **COUNTY RECORDERS REFUSED TO FILE RECORDINGS; CANCELATION WAS ALTERED TO MAKE IT SO THAT RECORDERS HAD TO FILE; INITIAL RESPONSE WAS TO CHARGE FILER FOR EVERY REFERENCE TO PREVIOUSLY FILED AND PAID FOR AUDITORS FILINGS RESULTING IN A FILING ORIGINALLY COSTING \$63 TO GO AS HIGH AS \$1600; INVESTIGATION LEAD SPOKE WITH PIERCE COUNTY AUDITOR ABOUT AN INTERNAL EMAIL BETWEEN COUNTY AUDITORS IN WASHINGTON STATE, SUBSEQUENTLY REPORTS THAT THE FEE HAD GONE BACK DOWN WERE MADE=NEEDS TO BE RUN THROUGH UCC AS WELL FOR INDEPENDANT PUBLIC RECORD AS WELL AS FOR COMMERCIAL PURPOSES**
8. **CANCELATIONS HAVE BEEN TESTED AND ARE MAKING WAVES, IT WILL BE FURTHER SOLID WHEN DONE IN CONJUNCTION WITH TAX REPORTING AND UCC FILINGS**

9. HOMEOWNER BASE LEVEL OF KNOWLEDGE IS MINIMAL, BY DESIGN; THE HARDEST POINT FOR HOMEOWNERS TO COME TO TERMS WITH ARE THAT NO LOAN WAS MADE;
10. THE PRIMARY "ORDER GIVER" IN THE STATE OF WASHINGTON WAS IDENTIFIED AS THE BANK OF NEW YORK TRUST COMPANY; BNY WESTERN TRUST COMPANY AND BNY MELLON ASSET SERVICES, IMPLEMENTED IN LARGE PART BY THE BAR (Washington Bar Association-- Inns of Court)
